S. S. WORKERS MEET TUESDAY

Sessions Will be Held at Grace Church.

Urged That All Sunday School Officers and Teachers Attend Every Session Possible—Noted Workers To Make Addresses—Rev. J. W. Long Prepares Interesting Article Showing Value of Interdenominational Sunday School Work.

On Tuesday evening, Wednesday morning, afternoon and night interesting sessions, at which noted Sunday school workers will make addresses, will be held at Grace Methodist Protestant church, West Washington street. It is desired by the committee on arrangements that all Sunday school officers and teachers in the city and vicinity attend if possible.

The topics to be discussed will touch the various problems confronting Sunday school workers and it is believed that each one can prepare himself or herself for better and more efficient work by attending the sessions of the institute. All interested in Sunday school work are cordially invited to attend.

Rev. J. Walter Long has prepared the following interesting article, touching on the value of the interdenominational work:

The coming of two of the International Sunday school workers, Rev. Franklin McElfresh, D. D., Ph. DD., and Mr. Hugh Cork, of Chicago, to the city on Dec. 6-7 suggests to us again the vast importance of the greatest of all the great religious organizations—the World's Sunday schools and denominational Sunday school organizations of the world. This association has a constitutency of about thirty million. We sometimes call this movement, with its chain of organizations, and system of helpful conferences, conventions and institutes the organized Sunday school work, which is very fitting indeed, since it stands for thorough organization and the highest efficiency all along the line, and especially in the local school.

The system is composed of five associations, as follows: The World's, the International, the State, County, Township and local school co-operating. The world's association embraces as it name implies, the world, and holds its conventoins every three years; the international embraces all North America and the neighboring islands, and holds conventions every three years; the state, county and township, in the main, hold annual conventions.

The local school, for whose good the whole system exists, is organized, maintained and managed by the denomination to which it happens to belong, and never joins or withdraws from the interdenominational work, but is a part of it by reason of its existence, so it is only a question of co-operation or indifference. The interdenominational associations are officered and managed by the ablest denominational Sunday school leaders available both clerical and lay, representing almost every praiseworthy avocation and profession known to man. Had we the space it would be a joy to mention some of them such as John Wanamaker, the prince of merchants; Hon. Justice McLaurin (statesman) of Toronto; Mr. H. J. Heinz, of Pittsboro, the "57 variety" pickle man; John R. Pepper, Memphis, Tenn. (banker), President Laymen's Missionary movement of the Southern Methodist church, and, coming closer home, Mr. Geo. W. Watts, of Durham, and Mr. N. B. Broughton, of Raleigh, members of the executive committee of the N. C. S. S. Association and members of the international staff, who are behind the meeting to be held in Greensboro next week.

This movement being made up of the denominational work as it is, is excellent according to its excellency and defective according to its defects. Not only is it composed of the denominational work but it exists solely for the benefit of the denominational schools. An ything that has been tested out by any agency whatsoever in this line is put on exhibition by this agency and passed around so that all who wish to do so may profit thereby and find therein his opportunity for contributing to the cause as a whole. It never organizes schools directly but leaves this to the respective denominations, still it hopes and is laboring to the end that a school may be organized in reasonable reach of every man, woman and child in all the world and then made worthy of the presence of every one whether he be peasant or prince. The international association elects, maintains and instructs the lesson committee that selects the lesson text, but submits it to the denominational publishing houses to be published with comments to suit the doctrines and needs of each.

It is not difficult to see that the relation between the denominational and the interdenominational is very vital and sympathetic. It is a very pleasant and profitable means of reciprocating on a very comprehensive scale regarding the most important work of any generation—that of seeing that an opportunity for intelligent Bible study is given to every one. How important is this, since a knowledge of God's word is the only knowledge that can bring life, light and salvation to an individual or a nation, however much knowledge they might have of other things and however great might be their systems to promote other things. Without a knowledge of the Bible we would not have one of the many great church organizations and the many other organizations for the welfare of humanity, sailing under other names but deriving their strength and power from the church either directly or indirectly.

It is a fact that is well established that there is not a great Sunday school nor a great Sunday school man in all the land that has not been made so by contact with the organized work, either directly or indirectly, consciously or unconsciously. Sunday schools throughout the land today are great efficient and effective in proportion to the manner and extent to which they have carried out the plans and purposes of the organized movement and according to the extent to which they have measured up to the standards set by the same. These plans and standards are the results of the combined wisdom of the world on this subject. Marian Lawrence, general secretary of the International Association, designates the association as the great clearing house for Sunday school work. The association has in its employ twenty people all told, ten of whom are travelling secretaries and superintendents of departments, who travel 250,000 miles a year into all parts of North America, holding 17,000 helpful, uplifting conventions annually, reaching nearly 3,000,000 people. No organization in existence does so large a business on so small a capital while the dividends include the lives of young people surrendered to Christ in our Sunday schools at the rate of a 1000 a day for every day in the wear. The Sunday schools of the world are growing at the rate of 200 new schools every week with 20,000 new members in them.

By placing ourselves in touch with the splendid institute to be held here next Tuesday night and Wednesday and in touch with the able men who are to conduct it we will be inspired with the great thought of Sunday school and be better prepared to take advantage of our part of this great work which is a great privilege indeed. The meetings will be held in Grace M. P. church and will begin at 8 o'clock Tuesday evening.

Sharp Barber This.

Said a barber last night, "Did you ever hear of the old saying that it is bad luck to give as a present a sharp-edged instrument? There is such a saying and there's something in it, too." From the anxiety the tonsorialist displayed to get the old saying circulated, it was plain that he objected to the practice of giving razors for Christmas presents. When pinned down he confessed that on previous Christmas occasions he had lost some good customers as a result of their wives giving them razors for presents and he wanted to guard against that sort of thing this year.

Forfeited His Bond.

When Judge Eure convened Municipal Court yesterday morning the case against Fletcher McAdoo charging him with disorderly conduct, was called, Fletcher failed to appear and Judge Eure declared the bond of $15, which had been put up for his appearance, forfeited to the county school fund. The only other case was against Peyton Jones and Numa Heitman, who were charged with an affray. Judgment was suspended on payment of costs.

THE TEACHERS CONCLUDE WORK

Officers Elected Yesterday Afternoon.

Miss Mary Graham, of Greensboro, Elected President of Primary Teachers' Association—Secretary Livingston Johnson Will Have Creditable Report At State Convention of Baptists At Hendersonville.

Raleigh, Dec. 3.—The North Carolina Primary Teachers' Association this afternoon elected officers, following which the session was adjourned. The newly elected officers are: Miss Mary O. Graham, Greensboro, president; Miss Lillie Jones, Durham, vice president; Miss Mary Lewis Harris, Concord, corresponding secretary and treasurer; Miss Mariana Garison, Concord, recording secretary. The sessions of the association were quite profitable to the more than two hundred teachers who attended.

Raleigh, Dec. 3.—Rev. Livingston Johnson, corresponding secretary of the North Carolina State Board of Missions, announces that with the scheme of mission work for the state board on the basis of $45,000, the largest the North Carolina Baptists have ever undertaken, the reports to the state convention in Hendersonville next week will show a debt of only $1,500. There are 148 ministers in the mission service of the Baptist denomniation in this state. There have been 12,000 additions to churches through baptism and large numbers through letters and otherwise. The Baptist schools are all shown to be in splendid condition. A special feature of the approaching convention will be the inauguration of a movement for the creation of a $150.000 endowment fund for Meredith College.e

Discussing the personnel of the convention Mr. Johnson remarked that it is a foregone conclusion that W. C. Dowd, of Charlotte, will be elected for another term as president of the convention, that he is a masterful presiding officer and that many think is a foregone conclusion that Mr. Dowd will be chosen for the speakership of the House of Representatives for the approaching session of the general assembly. The opening sermon for the Baptist convention is to be delivered by Rev. J. J. Hall, of Fayetteville.

DISAPPOINTED HIS BABY.

Man Who Neglected to Get Baby's Doll Until Christmas Eve Saw Another Person Get It.

The man who last Christmas promised his little girl a beautiful, blue eyed, flaxen haired, kid bodied doll baby, and who went to the Santa Claus headquarters just in time, on Christmas eve, to wait twenty minutes while the clerk persuaded a lady to buy the very doll he wanted and the last one of the kind in the store and who had to disappoint his little girl on Christmas morning; that man will appreciate the importance of early Christmas shopping. Early shopping is the wise thing to do for you can with care select the articles you desire from among a number and you are not forced hurriedly to take what is left.

But it is also the kind and merciful thing to do. Many of the clerks in the stores handling Christmas goods are those called in for the rush and are not accustomed to the strain of long hours and constant service. By doing your Christmas shopping early, you can spare those who serve you many a physical pang, and you will make their Christmas much happier by doing this, which is altogether to your own best interest.

Wishing "full stockings" to all "early shoppers" and hoping that "Old Santa" will not leave too many "switches" for the unwise last hour buyer,—to all, buyer and seller, giver and receiver a very merry Christmas.

ANOTHER INNOVATION IN TELEGRAPHIC SERVICE

Western Union Has a Plan To Save Delay on Letters To Foreign Countries.

The Western Union Telegraph Company has announced another innovation in telegraph service called the "Special Ocean Mail Service" designed to save time in foreign correspondence. A letter from San Francisco to London requires as much time crossing the continent as it does crossing the ocean. A New York merchant writing to Yokohama must post his letter practically a week before the mail steamer sails from San Francisco or Vancouver.

The Western Union has arranged for the use of its night letter and other telegraphic service in connection with outgoing ocean mails so that this week of trans-continental time may be saved. Its New York office will receive telegrams from any part of the country destined to European addresses and will forward them in a sealed specially addressed envelope by the first out-going Atlantic steamship mail. The same plan will be followed in San Francisco, Seattle and Vancouver for trans-Pacific mails. This will enable correspondence to be dispatched from any part of the United States for an ocean mail within a few hours of sailing time. The only charge in addition to the usual telegraph tolls to the ocean mail port will be five cents for postage. Telegrams should bear the full mail address of the foreign correspondent for whom they are intended and marked "Care Ocean Mail, New York, or San Francisco, Seattle or Vancouver." as the case may be. No charge is made for the address.

WATCH THE POTS BOIL

Salvation Army To Begin In Earnest For Funds To Feed the Poor.

People who live on the sunny side of the street do not always realize how much real want there is in their town. The reason is that those who feel the sting of poverty are too proud to proclaim their needs. There is only one way to know, and that is to visit them: this the Salvation Army does, and it is planning to furnish Christmas dinners for something like 300 people this year. Their pots will be boiling on the streets in a few days, and when you see the sign, don't pass on, saying that there's no need to suffer in this prosperous town. Just ask the Salvation Army people. They will furnish you with facts which will perhaps surprise you.

Lieutenant Miller says that he will start in a day or two to make a house to house canvass for funds, and his collections, together with the change dropped into the pot, he hopes will be sufficient to give every poor person a good Christmas dinner, with a residue for the purchase of some clothing and fuel for those whose income is not sufficient to make them comfortable during the winter season.

LITTLE GIRL BURNED.

Thelma, the 10-Year-Old Daughter of Dr. and Mrs. J. W. Taylor, Seriously Burned While Playing.

Little Thelma Taylor, the ten-year-old daughter of Dr. and Mrs. J. W. Taylor, was burned yesterday while at play with her young brother in front of the home at 508 Morehead avenue. The little girl's skirt caught fire from a pile of burning leaves which they had raked together and ignited. In her excitement she ran down the street and into the home of a neighbor before her mother could reach her. Here the flames were extinguished, but only after her limbs had been badly burned. She was reported last night as resting better. Hopes are entertained for her recovery, but there is, of course, no chance to prevent her body's being disfigured by scars. Her physician says that there is some danger of permanent stiffness in the knee joints, but everything possible is being done for her, and it is hoped that the healing of the wounds may not leave her in a maimed condition.

New Livery and Feed Business.

Messrs. F. N. Taylor and W. S. Hire have formed a partnership to do a livery and feed business at 312 South Davie street. They are both popular with a wide circle of acquaintances and they are both wide away and energetic. This means that they will make good. They have a splendid new equipment, consisting of buggies, carriages, hacks and teams, single and double. They will also make a specialty of boarding horses.

Ministers' Association.

Will meet Monday at 11 a. m. in Ireland Bible class room. Very important meeting. An important committee to report and every minister should be present. T. J. Ogburn, president; Shuford Peeler, secretary.

THE QUESTION WAS DECIDED

Who Are Members of Woman's Club?.

At Monthly Meeting Yesterday Morning It Was Decided That Only Those Who Have Paid Dues Are To Be Recognized—Interesting Paper By Miss Elliott—Two New Members—Reciprocity Day Saturday.

The Greensboro Woman's Club held its regular monthly meeting yesterday morning at the Carnegie library with the president, Mrs. G. W. Whitsett, in the chair. Mrs. Mamie Crawford, who was elected recording secretary during her absence abroad, slid into the place as naturally as though she had always held the office, while Mrs. Leslie Abbott, who so acceptably filled the position until her return, was glad to be relieved of the honor thrust upon her and return to the ranks as a common soldier.

Reports from the several chairmen were most gratifying, showing all of the departments to be in a flourishing condition—with good attendance and ever increasing interest.

Two new applicants were elected to membership, and the old question of who were to be considered members, again taken up. It was decided fully and finally that only those who had paid their annual dues were to be recognized as belonging to the organization, and only such names would be reported to the State federation.

In compliance with a request from those who were present at its first reading, Miss Eleanor Elliott read a very thoughtful and interesting paper, prepared for the last meeting of the educational department, on "Heredity and Environment." The paper showed careful study of the subject with a comprehensive view of the relation of the parent or teacher to the child, whose character is influenced, if not entirely moulded, by surroundings, in spite of hereditary tendencies.

Announcement was made of Reciprocity Day, next Saturday, December 10, when the literature department will entertain the general club in the Y. W. C. A. rooms from 4 to 6 p. m. The department will have as its guests that day, Miss Adelaide Fries, of Winston-Salem, and Mr. R. D. W. Connor, Raleigh. A very attractive literary and musical program has been arranged, a feature of which will be a talk by Mr. Connor on North Carolina history, and the occasion is looked forward to as an event in club life. Members who were not at the meeting yesterday are asked to remember the date and try to be present, every one, at the Y. W. C. A. rooms next Saturday afternoon, when the literature department will be hostess to the Greensboro Woman's Club.

IN HONOR OF MISS VICKORY.

S. O. D. H. Club With Mrs. Stockard Entertain At Home of Mrs. R. C. Ridge.

Mrs. C. W. Stockard entertained the members of the S. O. D. H. Club last evening at the home of her mother, Mrs. R. C. Ridge, on West Sycamore street. The reception was in honor of Miss Allie Vickory, whose marriage to Mr. Eugene McNairy is announced for next Wednesday.

Progressive hearts was the game for the evening, and furnished much pleasure and amusement to those taking part.

The dining room was lighted with candles, and suspended from the chandelier were white tulle streamers fastened to the corners of the table, in the center of which was a large wedding cake. On account of the novelty of a pre-nuptial wedding cake, no less than its amusing significance, there was provocation for much laughter and amusement when it was being cut and served. With the cake was also served cream; afterwards came sandwiches and coffee. Several toasts were happily responded to by Miss Vickory.

Vesper Service at Y. W. C. A.

The vesper service at the association rooms this afternoon at 4 o'clock will be in charge of the first Philathea class of the West Market Street Methodist Sunday-school, and there will be special music by Mrs. R. J. Sykes. A social hour will follow the service. All young women are invited.

S. S. PROBLEMS; HOW TO SOLVE THEM

The Subjects For Discussion At Institute To Be Held At Grace M. P. Church Tuesday and Wednesday.

The Sunday School Institute to be held at Grace M. P. church next Tuesday and Wednesday is a part of a State tour being conducted by the North Carolina Sunday School Association, in which seven cities will be visited and the days spent in discussing Sunday School problems and how to solve them.

The Institute will be under the direction of General Secretary J. Van Carter of the State Association, who will have with him two of the most noted Sunday School workers of North America, Dr. Franklin McElfresh, Teacher Training Superintedent and Mr. Hugh Cork, Assistant General Secretary of the International Sunday School Association, both of Chicago. These two men are Sunday School specialists and are of national reputation. Dr. McElfresh is head of the Teacher Training Department of the International Association and Mr. Cork has general supervision of the whole work of the Association. Their coming to this State is an opportunity to hear something of the real value of the Sunday School to our modern life.

Two sessions a day will be held and also an evening session at which all church goers are not only invited but expected to be present. The addresses and discussions will give information and inspiration to all who are interested in church and Sunday School work.

In getting these men to come to North Carolina, the State Association is doing that which is worth while, for anything that will add to the assets of the State should be encouraged and helped along, for, as one of our own State sons said: "There is no investment that we as citizens of a great State, desiring to make it greater, can make, better than the religious education of the children."

BABY PARADE EVERY DAY.

Prominent Mothers Push Own Perambulators in Washington.

Wash. Cor. New York American.

Washington matrons have inaugurated a "baby carriage parade" on Connecticut avenue which daily attracts many spectators. The parade begins about 10 o'clock and wends its way around Dupont Circle, down Conecticut avenue and through Lafayette Park, women of fashion either pushing a perambulator, walking beside one propelled by a maid or leading a child by the hand.

Mrs. Richmond Pearson Hobson manipulates a handsome dark red perambulator with her two babies in it. Mme. de Lima Silva, wife of the charge d'affaires of the Brazilian Embassy, wheels her own baby carriage. Mrs. Preston Gibson often joins the baby parade.

While Mme. Henry Crang, wife of the honorary secretary of the Chinese Legation, adheres to the bright hued satin coat and trousers of the Chinese lady, her baby carriage, of white enamel, and the baby clothes are American in appearance. Mme. de La Rocca, wife of the secretary of the French Embassy, has a golden chariot for her youngest child, pushed by a French bonne, while Madame herself leads her little boy by the hand. Viscountess Benoist D'Azy, wife of the naval attache of the French Embassy, has a daughter aged four who always is her mother's companion on early morning walks.

Mme. Bryn, wife of the new Minister from Norway, and her happy little family attract wide attention. The older children skate ahead on roller skates, while Madame leads the youngest, aged 3, after them. Little Sada and Aikira Matsui and Mme. Matsui, the wife and children of the secretary of the Japanese Embassy, are favorites among the promenaders.

The Countess de Chambrun, the sister of Representative Nicholas Longworth, and her American looking children also take part in the parade, as does the Countess de Brusseret, wife of the Belgian minister, and her brood.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, childblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c. at Fariss-Klutz Drug Co.

It doesn't take a hatter to cap the climax.

CONFESSES HE ROBBED WOMAN

Pole Surrenders to Norfolk Police Acknowledging Crime in Jersey City.

Norfolk Landmark.

Claiming that he was wanted in Jersey City, New Jersey, on the charge of breaking into and robbing a house, Felix Ruttowski, a young Pole, surrendered himself to Sergeant Dalton on the street last night.

When brought to the station he stated that either on the fourth or fifth of last April, he and his partner, Stanley Baronisky, broke into the house of a Mrs. Welch, 16 Canal street, Jersey City, and after binding and gagging her robbed her of $480.

Baronisky was arrested, while Ruttowski escaped and since that time has been wandering through the south, chiefly in Richmond and North Carolina, working a considerable time for a seedsman in Gates county, North Carolina. At the time he surrendered to Sergeant Dalton he told him that he was unable to stand the lashing of his conscience any longer, and as he was penniless and hungry he decided to surrender himself and stand trial for his crime.

Captain Ford, chief of detectives, sent a telegram to the chief of police of Jersey City last night asking him if Ruttowski is wanted there.

A telegram was received at 12:45 o'clock this morning from Chief Monohan, of the Jersey City police, saying Ruttowski was wanted there. He requested the Norfolk officers to hold him until an officer arrived to take him back to Jersey City.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago.' Howard Gardner.

The paperhanger says his business is overcrowded. In fact, most paperhangers go to the wall.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. Howard Gardner.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments

I am a woman
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, or daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney, and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, it will cost you nothing to give the treatment a complete trial: and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young Ladies, Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address

ST. BERNARD DOGS.

These Famous Life Saving Animals Are Said to Be Mongrels.

Among American tourists in Switzerland there is much rivalry for securing "real" St. Bernards to take home with them. They evidently do not know that the St. Bernards are mongrels. The original St. Bernards saw the light toward the end of the fourteenth century. The mother was a Wallis shepherd dog, the sire a mongrel of a Great Dane and a Spanish mountain mastiff.

In the winter of 1812 nearly all the dogs lost their lives in the snow. In 1816 the last St. Bernard dog died. But a monk of Martingny had a mongrel St. Bernard, and this was crossed with Wallis sheep dogs. The breeding being done in scientific manner, the present race of St. Bernards, though mongrel, like the first, is better and stronger than the old ones, it is said.

The railways have made use of St. Bernards almost unnecessary now, yet they continue on the old stand in winter when the snow lies high. Only the male dogs are used for rescuing men in distress. They are followed by men on snowshoes, who carry provisions. Each of the older dogs has one or more young companions, which he teaches the business.—Boston Post.

A Simple Safeguard for Mothers.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Howard Gardner.

John Sharp Williams' Retort.

John Sharp Williams had an engagement to speak in a small Southern town. The train he was travelling on was not of the swiftest, and he lost no opportunity of keeping the conductor informed as to his opinion of that particular road.

"Well, if yer don't like it," the conductor finally blurted out, "why in thunder don't yer git out an' walk?"

"I would," Mr. Williams blandly replied, "but you see the committee doesn't expect me until this train gets in."—Cleveland Plain Dealer.

Take Care!

Remember that when your kidneys are affected your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Howard Gardner.

The Rest Was Silence.

"Why do they say, 'As smart as a steel trap?'" asked the talkative boarder. "I never could see anything particularly intellectual about a steel trap."

"A steel trap is called smart," explained the elderly person, "because it knows exactly the right time to shut up."—Punch.

Foley's Kidney Pills are tonic in action, quick in results, and restore the natural action of the kidneys and bladder. They correct irregularities. Howard Gardner.

Hard to Overcome Prejudice.

A New York mother has shown a decided objection to the marriage of her son with an actress.

Well-meaning friends have called her attention to the fact that the girl isn't an actress and never will be one.

But it is hard to convince a prejudiced mother.—Cleveland Plain Dealer.

Have you boils, sores and indications of bad blood? There is danger of diphtheria. Vick's Sarsaparilla will relieve this condition promptly—50c.

His Punishment.

"What makes you so late?"

"I had words with the teacher."

"Indeed?"

"Yes; I couldn't spell them.—Lippincott's.

It is really wonderful how quickly Vick's Croup and Pneumonia Salve breaks up a cold, croup or pneumonia symptoms. Just rub it on. Keep a jar ready.

POINTED PARAGRAPHS.

A pair in the hand is worth two in the deck.

A soft answer sometimes turneth away wrathfully.

A medical journal wisely announces that you shouldn't go to sleep on an empthy stomach. Perhaps it means to insinuate that you should sleep on your back.

Sillicus—"I'm in love with two girls and I can't quite make up my mind which one I want to marry. Cynicus—"Well, marry either one of them and it won't take you long to discover that you got the wrong one."

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. TYPOGRAPHICAL UNION LABEL GREENSBORO, N.C.

Keep smiling. The indications are that the average man can have a small shop for Christmas.

Danville is to have a distillery with a capacity of 400 gallons per day. We suspect she will be building dreadnaughts next.

Perhaps one reason why it is so hard to control the Standard Oil octopus, is that from time immemorial oil has been useful in calming troubled waters.

Chicago has put the ban on "Salome," on the ground of its alleged indecency. Who said that Chicago was America's wickedest city?

To do early shopping is to conquer that old sinner, procrastination. And that is a victory that is worth while. "Do it now."

One Southern delegate to the Governors' Congress endorsed the "New Nationalism." We suppose this belated brother had just come in from exile and hasn't heard of recent developments.

Governor Willson, of Kentucky, found some difficulty in keeping the Governors out of political controversies and from "ovating." It requires tact and diplomacy; but if the chairman of that "celebration" at Baltimore does as well, we shall expect to hear him mentioned for greater things even than those incident to a governorship.

A man was fatally shot in a saloon Saturday evening. It is said the affair was an accident, resulting from the fact that another man had been handling a revolver carelessly. But why handle a revolver carelessly? Why handle a revolver at all? Why a revolver, anyhow? —Philadelphia Ledger.

Exactly. And by the same token, why a saloon anyhow?

Dr. Cook is being about as much discussed as he was a year and a quarter ago when the report flashed around the world that he had discovered the North pole. In the first instance the discovery, or the supposed discovery, caused all the talk. In this instance the world is set agog by the confession by Cook that he thinks it possible that he did not discover the pole. Ridicule and condemnation are being heaped on Cook right and left. At the same time he has his friends and loyal supporters and these say that it is wrong to condemn him. It is hard to put yourself in another man's place. There were two brothers once; one was a preacher and one was a driver of a pair of oxen hitched to a conveyance for hauling logs. The driver didn't confine himself to Sunday school language in handling his oxen. One day he was rebuked for swearing and the example of his pious brother was cited. "I know," said the driver, with deep significance in his voice, "but my brother doesn't have to drive these oxen." A man can't tell what he would do under an untried combination of circumstances. Nobody knows just the privations that Dr. Cook endured. And on whatever he did as a result of or in the midst of those privations no one can judge him authoritatively unless such a one had undergone that same experience himself. The following from the Atlanta Journal covers the case of Cook admirably:

Dr. Cook emerges from his year's frozen silence in a singularly mellow and philosophic mood. Few men can ever be convinced that they have made a mistake and most men, even if so convinced, will never admit it.

The doctor, on the contrary, strips himself bare of all pride and pretense. Patly and even joyously, he says: "I confess I don't know whether I reached the pole or not." He is thoroughly willing to sink as a discoverer, if only he may rise again as a mere man.

We believe the world will listen to the doctor's new story, for it promises to portray certain zones of human nature which after all are more interesting than any wilderness of the far north. He seems to have deceived himself most grievously, but have we not all done so? He deceived others, too, but in one way or another, at some time or other, that is just what everybody has done. The unique thing about Dr. Cook is that he comes out and confesses it all.

All of us in a fashion are Don Quixotes. We think we have found Mambrino's magic helmet when it is only a common brass bowl that we grasp. Through a greater part of his life, Dr. Cook had dreamed of the north pole and had delved for it. For two years together he struggled back and forth in the arctic ice, crazed, as he expresses it, with isolation and hunger. His thoughts took the course of the average piece of gossip. He wanted a certain thing to be true. He fancied it might be true. He became convinced it ought to be true and finally under his own cap, he was certain that it was downright fact.

Then the world said it was true and of course any shadow of doubt that may have lingered dimly and far back in the explorer's brain faded under the warm sun of popular praise.

Such, at least, is the doctor's version of the big hocus-pocus. It is credible, to be sure, that he is simply an everyday fakir. But how much more interesting it is to think of him as another Quixote who is now coming home, in very truth, "the Knight of the Sorrowful Figure."

Dr. Cook asks only that he be regarded as a man of honor and sincerity and not an impostor. Certainly a good sized proportion of the world will do as the Atlanta Journal says, "listen to the doctor's new story."

UNITED STATES COURT.

Regular December Term Will Convene Tomorrow Morning.

The regular December term of United States court will convene tomorrow morning, Judge Jas. E. Boyd presiding. There are about 100 criminal cases on the docket, the majority being minor blockading cases. There are a number of civil cases also.

The most important criminal case is the one against Jas. E. Napier and Chas. Quasher, charged with violating the white slave traffic law. They are now in jail in default of bonds of $2,500 each. Napier is also charged with using the United States mails to further his defrauding schemes. He is under a bond of $1,500 in this case. True bills have been returned against the two defendants and the case will likely be taken up tomorrow or Tuesday. Charlotte attorneys have been engaged to represent the defense.

Naturally considerable interest is being taken in this case as it is the first time people have been prosecuted for violating the white slave traffic law in this district in some years.

She Wore a Hobble Skirt.

"Madam," said the kind-hearted stranger, "I notice that your shoe is untied. If you will place your foot on this stone step I will be glad to do the retying."

"If you will tell me how I can place one foot on the step without accompanying it with the other, I will gladly oblige you," said the lady.

And the philanthropist, looking more closely at the victim's scanty skirt, passed on.—Exchange.

CHRISTMAS SHOPPING

Y. W. C. A. Urges That People Make Holiday Purchases Before Dec. 15.

Prepared for The Telegram.

Only 18 shopping days till Christmas, but only 10 shopping days till Dec. 15. The Young Women's Christian Association has been using every means to urge upon the people the importance of early Christmas shopping. The slogan adopted by the association for the past month has been, "Early in the season, early in the week, and early in the day, and all done by Dec. 15."

It is needless to dwell upon the many reasons for following the advice of such a slogan. Were the shopper the only one to be considered, the early shopping would be found a hundredfold more satisfactory than the usual rush of the eleventh hour. But the comfort of shopper is not the only consideration.

The Christmas season, instead of being a time of peace and good cheer, often becomes a nightmare to the salespeople who in the last days before Christmas are worn to exhaustion because of the needless procrastination of thoughtless shoppers. The salespeople are paid to serve us. Yes, and they do it cheerfully and well, but have we a right to place upon them an extra strain and burden which a little forethought might prevent? Is not our carelessness grossly inconsistent with the spirit of Christmas? Were it not better not to celebrate the birthday of Christ at all than in so doing to violate the spirit of its teaching? Let us do this thing as a matter of plain Christian duty, setting aside other things if necessary. Ten more days. There is not one to waste. The merchants and salespeople are ready for us. Let us all do all our shopping before December 15.

AT MORAVIAN CHURCH

Council of Members This Morning—December Services.

Immdeiately after this morning's preaching service at the Moravian church a church council will be called to discuss matters of importance that will come before this congregation for consideration. Each member of the church is urged to be present. This congregation has issued a very attractive card giving a list of services for the months of December and January and by whom they will be conducted. The pastor, Rev. White, during these months will be assisted by Bishop Edward Rondthaler, of Salem, and Rev. Jas. E. Hall, of Clemmons. The annual Christmas concert will be given Friday evening, December 23.

MISS KOBER AT NORMAL

An Artistic Triumph For Chicago Pianist—Miss Kober Leaves For Chicago.

Those who were not present at the recital given by Miss Kober in the Normal College auditorium last night missed an artistic treat. With all the attributes of a finished musicians and a most charming and dignified stage presence the pianist held her audience for nearly two hours. The program was made up with excellent discrimination, showing a wide knowledge of piano literature and the ability to select grateful numbers from the long lists available.

Miss Kober is the possessor of a sure and brilliant technic, and secures from the instrument the singing tone so much sought after by players. She was particularly happy in her Beethoven Sonata and the Chopin group. Possessing a valant finger the elusive technicalities of the Polish composer were given with certainty and fine taste. In the sonato the tempo was taken more deliberately than is frequently done, thereby bringing out the contest and beauties for better appreciation by the listener. One of the numbers greatly enjoyed by the audience was the composition by Sherwood called Exhilaration.

The audience was most cordial and the pianist responded with two encores.

Miss Kober left for Chicago on the midnight train.

The Cable Company furnished one of their new small grand pianos in the hall for the occasion.

We Have Something to Say

We are not making a "charity plea" or anything of the sort, but we do want you to know that we are a small agency and need a part of your business. WE WRITE--

Fire, Life, Health, Accident and General Liability Insurance and Bonds,

AND WE KNOW HOW TO DO IT, and have some of the best companies to do it with.

Won't you loosen up and remember us when you go to give your business to these older and larger agencies who have had your business since the days of Noah. We want them to live and do well and THEY CAN EASILY DO IT EVEN IF YOU DO GIVE US A SMALL POLICY.

If you want to enjoy the real spirit of Christmas give the small man, the fellow on the bottom round, a lift. He is the one that needs it and not the man already at the top.

We will appreciate a small part of your business, not as a charitable gift but as a sign of your good will toward the fellow that is trying to do something for himself.

HOW TO CURE RHEUMATISM

It Is An Internal Disease And Requires An Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING with Oils and Liniments WILL NOT CURE, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fiber of rotten wood.

Science has at last discovered a perfect and complete cure, which is called Rheumacide. Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and $1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent by mail.

For sale by Howard Gardner, Druggist.

HOW TO CURE ECZEMA, ITCH AND ALL SKIN DISEASES

Don't suffer a moment longer with Eczema, or any form of skin or blood troubles. Don't scratch or rub the skin. Just apply Hancock Sulphur Compound to the affected spots and it will stop the itching at once, and cure the trouble permanently. One 50c bottle will cure that prevalent trouble, Common Itch. Nothing cures skin troubles so quickly as Hancock Sulphur Compound. To beautify the complexion and remove black heads and pimples, use Hancock Sulphur Ointment, 25c. Mrs. Evelyn Garst, of Salem, Va., writes: "Three years ago I had a rough place on my cheek, it would burn and itch. I was fearful it might be of a cancerous nature. I used different preparations, but nothing ever helped it. One bottle of Sulphur Compound cured me completely. I recommend it to any one having any skin disease." For sale by Howard Gardner, Greensboro, N. C.

BRETON LASSES.

They Show No Regret In Parting With Their Luxuriant Tresses.

A correspondent writes from Pontivy, Brittany, giving some interesting facts of a "hair market" there. It is stated that in different parts of the motley crowd there were three or four different purchasers of this commodity, who travel the country for the purpose of attending the fairs and buying the tresses of the peasant girls. They have particularly fine hair and frequently in the greatest abundance. There seemed to be no difficulty in finding possessors of beautiful heads of hair perfectly willing to sell.

"We saw several girls sheared, one after the other, like sheep, and as many more standing ready for the shears with their caps in their hands and their long hair combed out and hanging down to their waists.

"No doubt the reason of the indifference to their tresses on the part of the fair Bretonnes is to be found in the invariable mode which covers every head from childhood upward with close caps, which entirely prevent any part of the hair from being seen and of course as totally conceals the want of it. The money given for the hair is about 20 sous or else a gaudy cotton handkerchief. The purchasers net immense profits by their trips through the country."—Boston Herald.

$3.50 All Leathers $4.00

This cut accurately reproduces the lines of one of this season's newest and most popular styles. Note the high knobbed toe. The last is our new Lynchburg. It is built with a decided swing which gives the shoe a very jaunty character.

This shoe in gun metal is particularly pleasing. It comes in all other good leathers.

SALE OF SWAMP LANDS.

Deal Rudely Broken Up Through Action of Roper Lumber Company.

Raleigh, Dec. 3.—State officers who compose the State Board of Education, custodians of the state swamp lands and the permanent state educational fund, are much put out over the way in which their project for the early drainage of Mattamuskeet lake and surrounding swamp lands has been tied up through the insistance of the Roper Lumber Co., Norfolk & Southern Railroad Co. and their associated interests that the plans and specifications for the drainage shall be submitted to additional experts before the "drainage district" work proceeds further than the actual organization to which it has reached. It is understood that the State Board of Education had actually perfected a deal with northern and state capitalists through which they were to pay the state a very attractive lump sum for the state's holdings of Mattamuskeet lake bottom and swamps under guarantee that the drainage scheme would be put through in a manner that would take care of the interests of all the other holders of interests in this extensive property. The papers were all drawn up for the sale of the State's holdings and the certified checks in hand here December 1 it is learned, when the turn given the case by the action of the Roper Lumber Co. interests threw the whole matter again "in the air" with a decided indication to many now that the undertaking is actually "knocked out" now for a long time to come. It is learned that some of the state officers are indignant to a degree at the reatment they have had in their undertaking to carry through one of the biggest undertakings for internal improvements started in the state in a great while.

Thomas B. Johns, the Seaboard Air Line clerk, member of a prominent Wake county faimly, who submitted a few days ago in the Federal court here to the charge of using the mails for intimidating his aged aunt and extorting $250 from here under threat to have her prosecuted for opening a letter of his through mistake, has been let off by Judge Connor on the payment of $50 fine and the costs. He was in prison for several months and seemed very penitent having wept while his attorney was making the plea to the court for leniency.

Judge Connor has given Essie Gregory, the Granville county woman who broke into the rural postoffice at Stovall, two years in the Atlanta prison.

The Curse of Genius.

The somber, long haired, seedy looking man was speaking in a voice of rolling thunder.

"A million times a million fateful curses sit balefully athwart his hateful head of tow! Through the gloomy eons may his black soul flit homeless forever!"

"Off his balance, I suppose?" observed the stranger.

"Oh, no," said Smith; "that's Rimer, the well known poet, swearing at the editor who rejected his verses."—Puck.

No Practical Difference.

"I made a mistake," said young Mrs. Torkins, "and picked up my locket instead of the little gold watch you gave me."

"Never mind," replied her husband. "The only difference is that the watch doesn't tell time and the locket doesn't even pretend to."—Washington Star.

Examiner—Well, my good boy, can you tell me what vowels are? First Boy—Vowls, zur? Ess, of course I can. Examiner—Tell me, then, what are vowels? First Boy (grinning at the simplicity of the question)—Vowls, zur? Why, vowls be chickens!—London Answers.

Sundays Only.

Mrs. Hoyle—Your husband's business keeps him out of town all the week, I understand? Mrs. Doyle—Yes, he is at home only one day. I call him my Sunday supplement.—New York Press.

The Easy Way.

"You must take rigorous exercise if you expect to regain your health."

"Aw, shucks, doc; why can't I take some kind of a patent pill?"—Kansas City Journal.

IT IS ALL RIGHT

to ask a friend to do you a favor when it is impossible to secure the favor in any other way. But why ask a friend to go on your bond as surety when the Greensboro Loan & Trust Company can give better security than an individual at no extra cost for its faithful discharge of its duty as a trustee or executor or administrator. Why should you sign a bond by which your "heirs, executors, administrators and assigns are held and firmly bound" to pay for the default of others; perhaps after your death, every dollar of your estate? Tell your friend not to burden you with such a grave responsibility. Let the Greensboro Loan & Trust Company become responsible.

Talk this over with us—it will assist you.
